CAREER OBJECTIVE

A highly motivated and dedicated engineering graduate with strong analytical and communication skills, seeking an entry-level position in an innovative organization. Skilled at collaborating effectively within teams in fast-paced environments. Confident that the skills acquired in a dynamic and competitive academic setting will drive success in any professional opportunity.

EDUCATION

- **Bachelors of Technology (B.Tech)** (2020-2024)
 - **Computer Science and Engineering** | Vishnu Institute of Technology, Bhimavaram
 - **CGPA 8.92.**
- **Intermediate (Class 12)** (2018-2020)
 - MPC | Sasi Junior College, Velivennu
 - Marks: **970/1000.**
- **Secondary School Certificate (SSC)** (2017-2018)
 - Little Flower Public School, Ravulapalem
 - **CGPA 10.00.**

PROJECTS

- **VERSATILE SEARCH ENGINE:**
 - **Objective:** Provides a cross platform(Google, YouTube, Twitter, etc.,) that satisfies the diverse needs of the users by using the Machine Learning algorithms and NLP Techniques.
- **LANGUAGE DETECTION:**
 - **Objective:** Language detection refers to the process of automatically identifying the language of a given text or document. This is an important task in natural language processing and is used in many applications, such as language translation, content filtering, and search engines.

ACHIEVEMENTS

- Winners of Prajwalan hackathon 2023 held by SRKR Engineering college Bhimavaram.

SKILLS

➤ Technical Skills

- **Programming Languages:** Python, Java, SQL
- **UI Technologies:** HTML, CSS, JavaScript,
- **UI Frameworks:** Bootstrap, NodeJs, ExpressJs
- **Databases:** MySQL, Oracle
- **Tools:** Git, Eclipse, VSCode
- Proficiency in Basics of Data Structures

➤ Soft Skills

- Open mindedness
- Teamwork
- Leadership
- Problem Solving
- Good Communication
- Time Management

CERTIFICATIONS

- **Python** certified by Kaggle
- **Pandas** certified by Kaggle
- **Data Visualisation** certified by Kaggle
- **Introduction to Cybersecurity** certified by Paloalto
- **Introduction to Data Science** certified by Cisco

INTERNSHIPS

- Java Full Stack Internship by KodNest.
- Acquired hands-on experience in full-stack web development using Java.

HOBBIES

- Sketching , Using Recycled Materials to make crafts , Web Surfing , Sports
